

Clinical Application Specialist

Company:

Movendo Technology (www.movendo.technology) is an innovative medical company focused on the design and production of cutting-edge robotic technologies for physical rehabilitation. Movendo leverage the technology developed inside the Italian Institute of Technology (www.iit.it), a research center leader in robotics, neuroscience, nanotechnology, renewable energies, graphene, and computation, to create medical devices built around clinical experience. Movendo Technology has been capitalized by Sergio Dompé president of Sergio Dompé Pharmaceutical, a leading Bio-Pharmaceutical company.

The candidate, part of the Clinical and Product Development team, will:

- Support the Product Team in the activities related to products' development, validation and testing
- Maintain the relationship with current clinical partners and customers and ensure their on-going clinical contribution to the brand.
- Support clinical partners and customers in the field of clinical applications, also in terms of statistical data analysis.
- Collect feedback from the market in order to improved products and identify new product needs and requirements/ specs.
- Update, maintain and develop appropriate product documentation

We match with people who:

- have a University degree in bio-medical engineering;
- have a good knowledge of English, other language skills are an asset;
- are excellent users of Power point, word, excel;
- are flexible to travel in Italy and Europe;
- are open for new technologies in the field of rehabilitation,
- enjoy giving presentations,
- are able to communicate adequately with physiotherapists and doctors,
- are very flexible and excellent organizer of time and tasks, used to work independently, great communication; self-motivated; quick learner and hard worker.

Previous job experiences in the rehabilitative and medical fitness domain would be considered an asset.

In order to comply with the Italian law (art. 23 of Privacy Law of the Italian Legislative Decree n. 1 96/03), we have to kindly ask the candidate to give his/her consent to allow Movendo Technology to process his/her personal data. We inform you that the information you provide will be used solely for the purpose of assessing your professional profile to meet the requirements of Movendo Technology. Your data will be processed by Movendo Technology, with headquarters in Genoa, Via Morego 30, acting as the Data Holder, using computer and paper based means, observing the rules on protection of personal data, including those relating to the security of data. Please also note that, pursuant to art.7 of Legislative Decree 196/2003, you may exercise your rights at any time as a party concerned by contacting the Data Manager. Movendo Technology is an Equal Opportunity Employer that actively seeks diversity in the workforce.
